

Jordan Lake Clean Boats Clean Waters  
Minutes for meeting held 3/12/2016

Submitted by: Mike Backus

1. Ice report:
  - Ice **ON** was 1/9/2016. Latest ice on since 2007(1/15/2007)
  - Ice **Off** was 3/16/2016. Shortest ice coverage in recent history. Since 2001 earliest ice off was 3/15/2012. Only 7 times in past 15 years ice off has occurred in March.
2. 5 Year plan:
  - Updated on the Adams county website, also updated on [www.jordanlakerehabilitationdistrict.org](http://www.jordanlakerehabilitationdistrict.org).
3. WI Lakes Partnership convention:
  - Mike Backus has been approved to attend again this year.
  - Mike has been asked in December to be a member of a monitoring panel at a conference session this year. Mike will present what we are currently doing on our lake.
  - 934 volunteers collected data statewide on 725 WI. Lakes in 2015
4. Satellite schedule:
  - Satellite schedule is listed on calendar
  - Satellite passes over our lake twice every 7 days.
  - Collected "On the water" readings help calibrate satellite imagery with actual water sampling data.
5. Fish cribs:
  - We have collected trees for 5 fish crib locations this spring.
  - Once again a BIG thank you to **Borud's Hardware in Oxford** for donating the trees.
6. Clean Boats Clean Waters:
  - Volunteer coordinator needed
  - Individual(s) needed to volunteer to survey boats at our public launch.
  - Mike Backus will continue to enter survey results on DNR website.
  - We are looking for a total lake involvement for boat surveying please.

*Information on the Jordan Lake District can be found at [www.jordanlakerehabilitationdistrict.org](http://www.jordanlakerehabilitationdistrict.org)*

Please join us for upcoming 2016 quarterly meeting on June 04, 2015 (All Jordan Lake District Members are invited to attend the Advisory Group who meets prior to the meeting).
