

JORDAN LAKE REHABILITATION and PROTECTION DISTRICT
MINUTES for QUARTERLY MEETING held March 17, 2018

Called to order at 10:04

Minutes from last meeting approved. Motion to approve by Tim Podlin. Second by Dennis Flanagan.

Treasurers report

Budget still healthy. Have sufficient funds for 2018 treatment costs.

Lake Management

Lake Management report by Mike Backus. Lake level up .07 feet from 1/1/2017 to 1/1/2018. Ice on happened 12/14/2017. Adams County Lake Specialist Ressa Evans retired this year and her replacement has been named.

Milfoil Update

Current survey has 22 acres present. Last year we applied for a full lake treatment plan but were only allowed spot treatment. 2018 options verbally offered allow for a spring spot treatment or a full lake treatment in the fall. If the fall option is taken there will be no other treatment allowed in 2019. Motion to approve the spring spot treatment was made by Kyle Cassel and seconded by Dennis Flanagan. Motion was passed.

Website report

Costs to maintain have risen slightly. Still attempting to remove the old website.

Misc

Zack Strack is back in the area and will be available for hand pulling of milfoil. Will put up Clean Boats/Clean Water signup on the board at The Lakehouse.

Motion to adjourn made by Kyle Cassel and seconded by Karl Frickeltion.

Meeting minutes per Kyle Cassel Respectfully submitted, Cindy Finn Secretary

Please join us for the next meeting on June 16, 2018. The location and time of meeting will be posted the Jordan Lake Rehabilitation and Protection District web site www.jlrpd.net.
