

JORDAN LAKE REHABILITATION AND PROTECTION DISTRICT MINUTES FOR QUARTERLY MEETING

8/17/2019

Present: Kyle Cassel, Tim Podlin, Jeff Thomm, Dennis Flanagan, Karl Frickelton

Not in attendance: Barb Morgan

Chairman called meeting to order at 10:30

Officers chosen by board:

Kyle Cassel – Secretary

Karl Frickelton – Chairman

Dennis Flanagan – Treasurer

Minutes from last meeting approved. Motion by Jeff Thomm. Second Dennis Flanagan

Lake Management report (Detailed report posted on Website)

Lake level down ½ inch

4-inch drop reported from 5/27 to 8/1, but recent rain brought levels back up.

Clarity measured 10 times this summer

Best 18 ft and lowest 15 feet.

Chemical test remains stable

Milfoil testing done on 6/6

Fish stick imitative for downed trees will be posted on website

Milfoil re-treatment of some areas will be done this fall.

Much discussion of lake level options. Some of the major points below

Fur Drive built over natural runoff point. Study done in 1996 by several agencies seems to support this issue. Decision in 1996 was to not to take any action.

Several meetings are continuing with County, Township, and DNR participating. No actions proposed at this time.

Much discussion about returning to normal wake rules and the erosion effects. Jackson Township owns the ordinance. JLRPD board will make a recommendation to the Township at a later date.

Questions about including Jordan Lake as part of the Willow Creek Drainage district. Ted Gannon offered to attend the meeting on Wednesday the 21st.

Clean Boats / Clean Waters

82 hours of volunteer effort so far this summer.

8 new volunteers this summer.

Breakdown will be posted on website.

County Lake Association

No report available

Website

Number of hits to the website is continues to grow.

Point that was made is the website has the factual information about lake issues and rules. Use this information not social media.

Motion to adjourn make by Dennis Flanagan and second by Kyle Cassel

Respectfully submitted,

Kyle Cassel / Secretary
