March 7

June 13

August 22 (quarterly meeting and Annual meeting)

Oct 17

Treasure Report presented by Dennis Flanagan.

Adams County Lake Alliance -no report

Web site update. Numbers reflecting increasing usage.

Lake Management Report

Changes to the 5-year plan updated by Mike Backus was approved by the board.

Much conversation about the lake being annexed into a Drainage District. If this happens there will be an additional assessment that will still be in effect even in years we have no drainage issues. This will require an engineering evaluation/study with costs ranging for 15 to 40 thousand for the study. After that there would be a vote by each landowner in the potential drainage district to approve. With all the governmental agencies and studies needed to be done this would probably be years away from seeing any action taken.

Fur Drive flooding issues were discussed. It was reiterated that the roads are owned by Jackson Township and the Lake District has nothing to do with this issue. Consensus was that any discussion should be taken to the township.

Motion to adjourn proposed by Flanagan and seconded by Thomm.

Respectfully submitted,

Kyle Cassel / Secretary Jordan Lake Rehabilitation and Protection District.
