Meeting Dates for 2021 were selected.

April 3rd

June 26th

August 21st

October 9th

Lake Management Report

Presentation given by Brad Boechtcher from General Engineering as to options available to reduce the lake level. The overview was to put a pipe in the lake at a depth to provide colder water under Fur Drive to where it will be directed to the stream further inland. Details and a diagram will be available on the JRLPD website. It was stressed that we are very preliminary in this process and there are many steps to be taken and approvals to be granted before any of this could begin. Updates will be posted to the JRLPD website as they become available.

Mike Backus presented the changes proposed for the 5 Year Lake Management Plan. Dennis Flanagan made motion to approve. Jeff Thom seconded. Plan can be viewed on the JRLPD website.

Treasurer report given by Dennis Flanagan.

Motion to adjourn by Mike Backus. Second by Kyle Cassel.

Respectfully submitted,

Kyle Cassel / Secretary Jordan Lake Rehabilitation and Protection District.
